## Trailing Edge

## Pro-Edge

The Moyes Pro-Edge is a new high-tech laminate by Dimension Polyant and is now available as an option on the RX Pro.

Its random array of non-woven composite filaments provides a perfect combination of fibres suitable for the trailing edge.

**Technically:** A fully isotropic load response

**Durability:** Excellent abrasion resistance

**Visually:** A smooth, flat and sheet-like sharp trailing edge appearance

**Performance:** Improved high speed

**Pro-Edge, another innovative initiative from Moyes.**
